Iraq Stock Exchange 2026 Semi-Annual Report

First: Overview and Objectives of Iraq Stock Exchange

Iraq Stock Exchange was established in 2004 as an independent self-regulatory organization with financial and administrative autonomy pursuant to Section (2) of Law No. (74) of 2004 (Iraqi Gazette, Issue No. 3983, June 2004). The Exchange conducts five trading sessions per week using internationally recognized electronic trading and central depository systems supplied by Nasdaq Technology. Following its digital transformation, the ISX implemented Online Trading, enabling licensed brokerage firms throughout Baghdad to execute trades remotely through secure electronic trading workstations.

Objectives of Iraq Stock Exchange

1. Regulate and train its members and listed companies.
2. Promote investors' interests by maintaining a fair, secure, efficient, competitive, and transparent market.
3. Organize and facilitate securities transactions in a fair, orderly, and efficient manner, including clearing and settlement activities.
4. Regulate members' securities trading activities and define the rights and obligations of market participants while safeguarding their legitimate interests.
5. Develop Iraq's capital market to support the national economy and assist companies in raising capital.
6. Raise awareness among Iraqi and foreign investors regarding investment opportunities.
7. Collect, analyze, and publish statistical and market information necessary to achieve its objectives.
8. Strengthen cooperation with Arab and international stock exchanges to support market development.
9. Undertake additional services and activities necessary to fulfill its objectives.
10. Create an attractive environment for listing Iraqi joint stock companies.
11. Facilitate capital increase transactions, including share subscriptions at issuance premiums, in accordance with the Companies Law.

The Exchange operates five trading sessions each week using:

- Electronic Trading System for equities and government bonds.
- Central Depository System.

Second: Trading Through Electronic Systems

Iraq Stock Exchange utilizes Nasdaq Technology systems as follows:

- Equator Central Depository System for the registration and safekeeping of Iraqi companies' shares and government bonds.
- Nasdaq X-stream Trading System for trading equities and government bonds.

Through these systems, the Exchange conducts five weekly trading sessions via 37 licensed brokerage firms operating through secure electronic trading terminals connected to a closed network that enables safe online trading.

Third: Equity Trading Timetable

Trading is conducted in accordance with the regulatory trading rules and decisions of the Iraqi Securities Commission and the Board of Governors of the Iraq Stock Exchange, both technically and administratively, via electronic systems as follows:

- Pre-Open (Order Entry Period): 9:30 am – 10:00 am
- Opening Bell: 10:00 am
- Continuous Trading Session: 10:00 am – 1:00 pm
- Closing Bell and Block Trades Session: 1:00 pm – 1:30 pm
- Share and Cash Settlement: 1:30 pm – 2:00 pm

Fourth: Trading Platforms at Iraq Stock Exchange

Iraq Stock Exchange applies the procedures stipulated under Regulation No. (21) governing the trading of unlisted companies to ensure that OTC transactions are properly organized and documented through the Exchange's electronic systems.

Government bonds are listed and traded in accordance with the Government Bonds Listing, Depository and Trading Regulation.

All trading activities are electronically monitored by both the Iraqi Securities Commission (ISC) and the Iraq Stock Exchange (ISX).

Thirteen: Iraq Stock Exchange Activities During the First Half of 2026

First: Training Programs for Brokerage Firms

Online Trading Training Program for Brokerage Firms

As part of the Iraq Stock Exchange's (ISX) ongoing efforts to enhance its technological infrastructure and strengthen the operational capabilities of brokerage firms, the ISX, in cooperation with Egypt for Information Dissemination (EGID), organized an Online Trading Training Program from 11 to 22 January 2026 at the ISX headquarters. The program was attended by representatives of brokerage firms, as well as staff members from the Iraq Securities Commission (ISC) and the Iraq Stock Exchange.

The program aimed to familiarize brokerage firms with online trading mechanisms and equip participants with the practical skills required to operate modern electronic trading systems, thereby ensuring the efficient and accurate execution of orders while enhancing market transparency.

The training included practical sessions on order entry and execution through the electronic trading platform, in addition to an overview of the regulatory procedures governing its use. The program reflected the ISX's commitment to keeping pace with global technological developments and providing a modern, secure, and efficient trading environment that meets investors' expectations.

At the conclusion of the program, Dhulfiqar Hafez, Chairman of the Board of Governors of the Iraq Stock Exchange, presented appreciation shields to the experts of Egypt for Information Dissemination (EGID) in recognition of their valuable professional contribution to the successful implementation of the program and the transfer of specialized technical expertise to the participants.

Second: ESG Training Programs for Joint-Stock Companies

Workshop on ESG Training Programs for Listed Joint-Stock Companies – 22 January 2026

Under the patronage of the Iraq Securities Commission (ISC) and the Iraq Stock Exchange (ISX), the Governance Institute of Directors (GloD) organized a workshop on Thursday, 22 January 2026, at the Main Hall, introducing the training programs on Environmental, Social and Governance (ESG) standards that would be delivered to listed joint-stock companies throughout 2026.

The workshop included a comprehensive presentation of the ESG Guide, developed in cooperation with the International Finance Corporation (IFC), with the objective of strengthening listed companies' adherence to international best practices in sustainability, transparency, and corporate responsibility.

This initiative forms part of the joint efforts of the Iraq Securities Commission, the Iraq Stock Exchange, and the Governance Institute of Directors (GloD) to promote sound corporate governance practices, strengthen the institutional capacity of Iraqi listed companies in line with international standards, and enhance the efficiency and attractiveness of the Iraqi capital market for both domestic and foreign investors.

GloD ESG Training Program for Listed Joint-Stock Companies – 11–12 February 2026

In accordance with the implementation plan jointly developed by the Iraq Securities Commission and the Iraq Stock Exchange, in cooperation with the International Finance Corporation (IFC), to promote the adoption of Environmental, Social and Governance (ESG) standards and support listed companies in improving compliance, transparency, and sustainability, the Iraq Stock Exchange organized the first ESG training program in cooperation with the Governance Institute of Directors (GloD), IFC's strategic partner.

The program was held on 11–12 February 2026 and was designed for a group of listed companies.

The training sessions took place at the Baghdad Academy for Human Sciences and covered specialized topics related to strengthening corporate governance practices and enhancing compliance with ESG standards in accordance with regulatory requirements and international best practices.

ESG Training Program in Cooperation with the Governance and Sustainability Center of the Iraqi Green Building Council – 10–11 June 2026

As part of the implementation plan adopted by the Iraq Securities Commission and the Iraq Stock Exchange, and in cooperation with the Governance and Sustainability Center of the Iraqi Green Building Council, to support listed companies in strengthening governance, compliance, transparency, and sustainability practices, the Iraq Stock Exchange organized its second ESG training program on 10–11 June 2026.

The program focused on explaining the contents and key components of the "Environmental, Social and Governance (ESG) Standards Guide for Joint-Stock Companies," issued by the Iraq Securities Commission.

The program aimed to deepen participants' practical understanding of the ESG Guide and enhance the readiness of listed companies to adopt governance and sustainability practices that align with evolving market requirements, improve long-term institutional performance, and contribute to building more efficient, competitive, and sustainable companies.

The training was conducted from 10 to 11 June 2026, from 9:00 a.m. to 2:00 p.m., with the participation of 27 representatives from 20 joint-stock companies.

Development Training Programs for the Staff of the Iraq Stock Exchange and the Iraqi Central Securities Depository

As part of its strategic plans to modernize the technological infrastructure of the capital market, the Iraq Stock Exchange (ISX) organized a virtual training program on the features of the new Nasdaq Eqlipse Central Securities Depository (CSD) System. The program commenced on Tuesday, 19 May 2026, at the ISX headquarters and continued throughout June 2026.

Through this initiative, the Iraq Stock Exchange became the first stock exchange in the Middle East to begin implementing and adopting the Nasdaq Eqlipse system, which is designed to modernize central securities depository operations, improve operational efficiency, and align market infrastructure with the latest international standards.

The implementation process by the ISX technical staff is scheduled to continue through September 2026.

Odoo ERP Training Program (7–10 June 2026)

As part of the Board of Governors' plan to modernize and enhance the financial and regulatory systems of the Iraq Stock Exchange, the ISX organized a training program for its financial and regulatory staff on the Odoo Accounting system.

The program was delivered in cooperation with Origami for Technology Solutions, with the objective of strengthening employees' capabilities in utilizing the Odoo ERP platform and improving the efficiency of the Exchange's financial and regulatory operations.

Third: Iraq Stock Exchange Activities During the First Half of 2026

Workshop: "The Impact of Banking Reforms on Share Prices in the Iraq Stock Exchange"

Under the patronage of Mr. Faisal Al-Haimus, Chairman of the Iraq Securities Commission (ISC), the Iraq Stock Exchange (ISX) organized a workshop entitled "The Impact of Banking Reforms on Share Prices in the Iraq Stock Exchange."

The workshop was attended by Ms. Nagham Hussein Ismail, Vice Chairperson of the Iraq Securities Commission; Mr. Dhulfiqar Hafez, Chairman of the ISX Board of Governors; Mr. Ali Jamal Amin, Chief Executive Officer of the Iraq Stock Exchange; together with representatives of relevant institutions, financial experts, and specialists to discuss the latest developments in the banking reform program and its implications for the financial sector and the stock market.

Participants emphasized the importance of accelerating the implementation of the banking reform program, stressing that prolonged procedures adversely affect investor confidence, trading activity, and market liquidity.

The workshop called on the Central Bank of Iraq (CBI) to expedite the implementation of the recommendations of Oliver Wyman, the consulting firm responsible for the banking assessment and reform program. Participants also recommended lifting restrictions on banks that had already fulfilled the required conditions and regulatory standards in order to promote regulatory fairness and restore market balance.

The workshop further highlighted the need to promptly appoint human resources assessment firms for banks participating in the banking reform program, paving the way for the resumption of their remittance operations.

The Iraq Securities Commission and the Iraq Stock Exchange announced their intention to prepare a package of official recommendations to be submitted to the Central Bank of Iraq, the Prime Minister's Office, and Oliver Wyman, with the objective of ensuring that the proposed measures are taken into consideration as part of the ongoing reform process, while maintaining an appropriate balance between international compliance requirements and the protection of market stability and shareholders' interests.

Workshop: “The Impact of the Remittance Initiative for Iraqi Banks Listed on the Iraq Stock Exchange Compared with Capital Increase Requirements”

Under the patronage of Mr. Faisal Al-Haimus, Chairman of the Iraq Securities Commission, the Iraq Stock Exchange, in cooperation with the Iraq Securities Commission and the Central Bank of Iraq, organized a workshop entitled “The Impact of the Launch of the Remittance Initiative for Iraqi Banks Listed on the Iraq Stock Exchange Compared with Capital Increase Requirements” on Wednesday, 6 May 2026, at Al-Mahatta Hall.

The workshop addressed the following themes:

Assessing the impact of the remittance initiative on listed banks’ share prices.

Evaluating share prices in comparison with capital increase requirements.

Assessing the role of the remittance initiative in determining share prices within the Iraq Stock Exchange.

The event was attended by Dr. Mudher Mohammed Salih, Economic Adviser to the Prime Minister; Ms. Nagham Hussein Ismail, Vice Chairperson of the Iraq Securities Commission; Mr. Dhulfiqar Hafez Jaber, Chairman of the ISX Board of Governors; Mr. Ali Jamal Amin, Chief Executive Officer of the Iraq Stock Exchange; in addition to representatives of the Central Bank of Iraq, the Ministry of Finance, and the Iraqi Private Banks League.

The discussions focused on the impact of the remittance initiative on listed banks’ share prices, its relationship with capital increase mechanisms, and its contribution to improving trading efficiency and enhancing the investment environment in the Iraqi capital market, thereby supporting market development and strengthening its role in promoting the national economy.

On 25 February 2026, Mr. Ali Jamal Amin, Chief Executive Officer of the Iraq Stock Exchange, participated in a special interview on CNBC Arabia's "Al-Bousala" (The Compass) program, where he highlighted the Exchange's strategy to maximize the benefits of listing bonds as a strategic financial instrument.

The interview focused on the following key topics:

Bond Yields: Mr. Ali Jamal stated that the current yields on listed bonds range between 6% and 10%, making them an attractive investment opportunity.

Institutional Demand: He noted the strong demand for listed bonds from banks and financial institutions, emphasizing that most institutional investors adopt a long-term investment strategy.

Liquidity Challenges: The CEO explained that long-term institutional holdings have historically limited secondary market liquidity for bonds. However, he expressed optimism that new bond issuances and evolving investment preferences would increase retail investor participation.

Market Development Strategy: He confirmed that the Iraq Stock Exchange is undergoing a comprehensive modernization process, including the upgrade of its electronic trading infrastructure and the introduction of a remote trading system in line with regional market developments.

Iraq Stock Exchange: Record Trading Growth and Plans to Increase Listed Companies to 135 by the End of 2026

During the interview, Mr. Ali Jamal announced that the Iraq Stock Exchange recorded exceptional performance in March 2026, with the total trading value increasing by 60% to IQD 26 billion, reflecting growing investor confidence in the Iraqi capital market.

Key highlights included:

Growth in Trading Activity: The number of executed trades increased by 4% month-on-month, with positive market momentum continuing into April.

New Listings: Twenty-one (21) joint-stock companies submitted listing applications during the first quarter of 2026, with expectations that the total number of listed companies will reach 130–135 by the end of the year.

Digital Transformation: The Exchange continues to advance the implementation of a fully integrated remote electronic trading system for investors to improve operational efficiency.

Regulatory Developments: The Exchange is studying the possibility of restoring the previous daily price fluctuation limits after they were temporarily fixed at $\pm 5\%$, with the objective of enhancing market liquidity and attracting additional investors.
