Anniversary for launching "electronic trading systems" Apr. 2009

Iraq Stock Exchange ISX is pleased to congratulate you on the occasion of the anniversary for the launch of Electronic Trading & Depository systems in ISX for the first time in the history of Iraq in April 2009.

On this occasion, the Board of Governors of Iraq Stock Exchange confirms in its meeting held on Sunday 12 April 2020 - remotely using modern meeting methods - the following:

1. Continuing the electronic systems development plans for 2020-2021, including cooperation with Iraqi colleges and universities, to implement the trading simulation and training program for students. the implementation of the online trading system for investors. And the development of the website of Iraq Stock Exchange.
2. Cooperate with the Iraqi Securities Commission and Iraqi listed companies to comply with the annual disclosure and provide audited financial statements for the companies, taking into account due standards for the disclosure of material events.
3. Cooperate with the Iraqi Securities Commission and the Central Bank of Iraq in issuing instructions and rules required to encourage and diversify investment in securities to serve the orientations of the Iraqi economy and society's need for types of investment and financial services.

The health crisis and the elimination of the global epidemic and the Corona pandemic in Iraq and in the world will soon be overcome with your patience and commitment. We thank the efforts of the health personnel in Iraq, the military staff, the Baghdad Municipality, and the Iraqi community for their high response and awareness.

ISX invite you to practice your activity and investment activity in securities after lifting the curfew in accordance with the approved mechanisms and paying attention to periodic and annual surveys and developing your future plans.

Regards

Taha A. Abdulsalam

CEO
